

PAIN T FIREWORKS!

CREATE BEAUTIFUL ART

Method:

1. Using scissors cut some lines in the bottom of a toilet roll tube all the way around.
2. Gently flare the tube and press down into the paint.
3. Press the flared tube onto paper. Experiment with different colours, glitters. Cut the tubes different sizes to talk about their sizes.

Learning questions:
How many different colours are there?
Can you name all the colours?
