

Sleeping bunnies

See the little bunnies sleeping till it's nearly noon

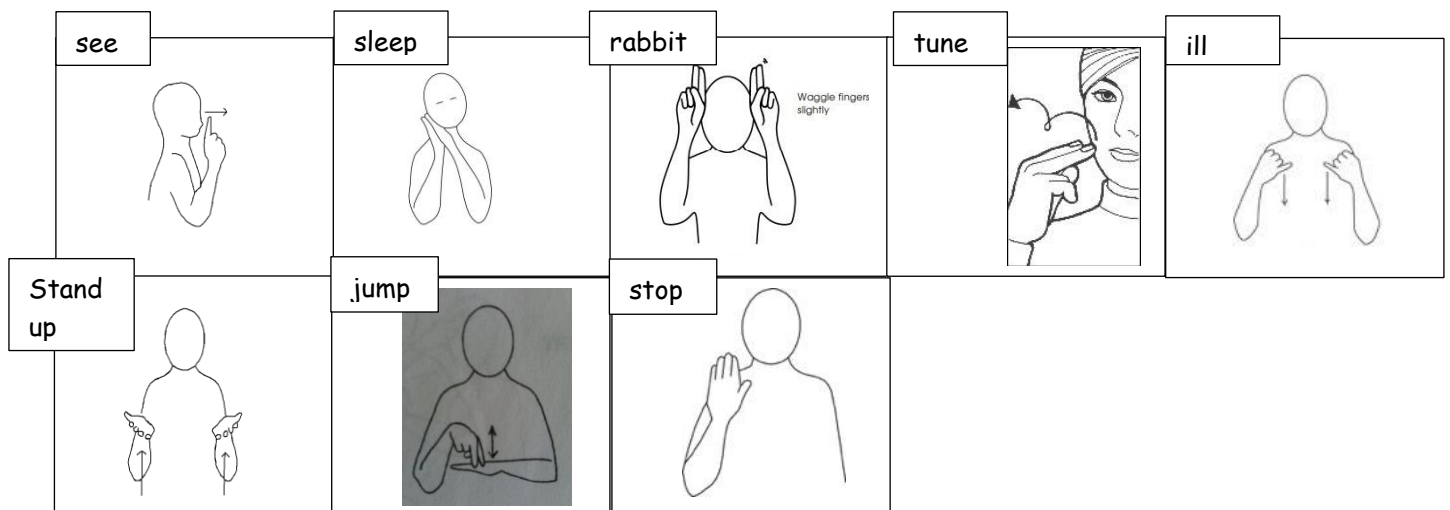

Shall we wake them gently with a merry tune?

Oh, how still, are they ill?

Wake up now!

Hop little bunnies, hop, hop, hop
Hop little bunnies, hop, hop, hop
Hop little bunnies, hop, hop, hop
Hop little bunnies, hop and stop!

Key Makaton signs for the song

The actions for this song are to sleep lying down during the first verse, stand up, then jump for the chorus.

(Your child might know a slightly different version of this. Lots of people sing the same tune but have learned slightly different lyrics. Please choose a version you like, as long as there's a contrast between a quiet, slow, singing for the first verse and an energetic loud singing jumping chorus, then that's the important thing.)
